

# DATASHEET

Date: December 2018

## OVERVIEW OF THE UNIT

<b>Name</b>	ABSOR, LDA
<b>Corporate Purpose</b>	Manufacture of Absorbent Products
<b>Products</b>	Diapers, bed protectors, wipes and sanitary napkins
<b>Location</b>	Luanda-Bengo Special Economic Zone (SEZ)
<b>Area of the plot (m2)</b>	24.249
<b>Factory floor area (m2)</b>	4.000

## OPERATIONAL DATA

<b>Industrial Sector</b>	Manufacturing Industry
<b>Installed Production Capacity</b>	250.000.000 units/year
<b>Technical State of the Equipment</b>	New (need for maintenance due to downtime)
<b>Origin of the Equipment</b>	South Korea

### Relevant facts

ABSOR is dedicated to the manufacture of absorbent products (diapers, waterproof protectors for beds, wipes and sanitary napkins). It will use 20 different types of raw materials with an estimated annual consumption of about 3,700 tons per year.

Its infrastructure is set up, with the exception of the laboratory and the outpatient clinic. The equipment is assembled but not installed
