

DATASHEET

Date: December 2018

OVERVIEW OF THE UNIT

Name	JUNTEX
Objective	Mortar Industry
Products	Mortar in bags of 20 Kg
Location	Luanda-Bengo Special Economic Zone (SEZ)
Area of the plot (m2)	32.000
Factory floor area (m2)	1.575

OPERATIONAL DATA

Industrial Sector	Manufacturing Industry
Installed Production Capacity	65.000 Tons/year
Technical State of the Equipment	Good (maintenance due to downtime)
Origin of the Equipment	Brazil

Relevant Facts

Juntex will produce and commercialize mortars (cement glue) for the laying and coating of infrastructures through the transformation of sand, cement, hydrated lime and additives.

The factory was acquired new, and is properly assembled, with the exception of the laboratory, whose equipment is inside the manufacturing unit. Basic infrastructures such as sanitation, as well as electrical and hydraulic installations, are functional.

This factory, with small adjustments and investments, will be able to manufacture type G cement for the manufacture of sludge, which is used in the petroleum sector.
